

## Seasonal employment opportunities at the IPG Summer 2022

- Would you like to gain experience working in a large public garden?
- Are you currently studying or interested in horticulture or a related field?
- Do you need to complete Community/Practicum hours in order to graduate?

Consider the International Peace Garden this year! The IPG is a 2,300 acre public garden situated on the border of Manitoba and North Dakota. We offer a wide range of experience in the fields of horticulture, professional grounds maintenance and customer service within the tourism sector. If you like working outdoors in a beautiful and natural setting, then this is the place for you! The following opportunities are available in 2022:

### **MAY - SEPTEMBER: Horticulture Staff**

Gain experience in planting and maintaining annual and perennial beds, weed identification and control, ornamental plant identification, pruning and care of shrubs/small trees in a formal, public garden setting. This position will provide maximum exposure to all facets of horticulture at the IPG from start to finish.

- Maximum duration: May to September (start date weather-dependent)
- 5 days per week, weather permitting. Some weekends as needed.

OR if you are looking for something short term:

### **JUNE: Annual Flower Planters**

Involves planting up to 100,000 annual flowers into flower beds. Learn about flower bed design, design layout, planting methods and bed preparation.

- Duration: Month of June only (4 weeks)
- 5 days per week, weather permitting. Some weekends as needed.

Application forms can be found at [www.peacegarden.com](http://www.peacegarden.com) and emailed to [admin@peacegarden.com](mailto:admin@peacegarden.com)

**-On-site accommodation is available for qualifying applicants-**
