

## Operations Manager Kegworth, SK

Join a team that shares your passion and enthusiasm for Canadian grain! Parrish & Heimbecker, Limited (P&H) has an opportunity for a motivated, forward-thinking and dedicated individual to bring their agriculture industry insight, financial expertise and dynamic management style to a leadership role as Operations Manager based just outside of Lethbridge, Alberta.

### **Work and grow with a family-owned company.**

Join our team with Purpose & History! P&H's roots go back over 110 years. We have always been a Canadian, family-owned and managed agri-business that understands the qualities and conditions needed for meaningful growth. Our corporate culture values are family values; honesty and integrity with a focus on listening and continuous learning. Like family, we support our staff to always do better.

With over 70 locations spanning from coast to coast, and trade links around the globe, P&H is growth-oriented, diversified and vertically integrated with operations spanning across grain merchandising, flour milling, crop input distribution and animal feed production.

### **Skills and experience for the next step in your career.**

As Operations Manager, the successful candidate will be responsible for assisting in managing the overall performance, maintenance and repair of the grain elevator at our Kegworth, Saskatchewan location. The Operations Manager will oversee quality control measures on incoming and outgoing shipments and the maintenance and compliance of a safe working environment as well as supervise all of the facility assistants at the location.

### **Your day to day activities will include:**

- Supervising the daily operation of the grain elevator facility;
- Managing the quality control & blending of grain;
- Supervising Facility Assistants to ensure day to day business needs are executed safely, efficiently and profitably;
- Managing the facility safety program and actively working to create a strong safety culture;
- Overseeing food safety compliance;
- Managing regular maintenance, scheduling and repair on facility equipment;
- Supporting the procurement of grain and sales of crop inputs;
- Ensure responsible business practices are followed consistently.

### **The successful candidate should enter the position with the following qualifications:**

- 3-5 years' experience in the operation of a grain elevator and/or crop inputs retail location;
- Sound knowledge of elevator equipment and processes pertaining to shipping/receiving, collecting and grading grain samples, and effective product storage management.
- Ability to lead and motivate a team to meet deadlines, solve problems and implement solutions to meet or exceed goals set for the operations;
- Strong written and verbal communication;
- Practical knowledge in mechanical repair;
- Effective decision-making and problem solving skills;
- Competency in grading canola, wheat, durum, oats and barley;
- Exceptional customer service and interpersonal skills;

- Accuracy and attention to detail required for record keeping.
