

Project Manager
Competition: #2022-23-12
Location: Flexible within Manitoba

Manitoba Agricultural Services Corporation (MASC) has an exciting opportunity for you to be a part of a team that values building relationships, enables change, and supports the agriculture industry in Manitoba. Come join our team as we offer an engaging work environment, competitive pay, a comprehensive benefits package (including pension plan), and we encourage a healthy work-life balance.

We are seeking a Project Manager, who is passionate about delivering a wide range of digital and operational projects while playing an integral role in the continued evolution of our project management office. Your focus will be to lead our project teams to favorable project outcomes through a collaborative, problem solving, continuous improvement and innovative culture. You will be responsible for the full lifecycle of project engagements from initiation to project close out while working from one of MASC's 10 service centres or work from home within the Province of Manitoba (*if applicable*).

MASC values innovation, excellence, collaboration, and accountability. We strive to enhance existing products and develop new products, transform service delivery to enrich the client experience, pursue customer driven organizational change, and maximize performance, engagement, and development of all employees.

MASC has five core competencies: communication, decision making, initiative & innovation, leadership, and organization. Competencies relate to every position at MASC and along with the technical requirements, are included in the qualifications for all positions at MASC.

Essential Qualifications:

- Post-secondary education in Business, Information Technology, or related discipline or an equivalent combination of education and related experience may be considered.
- Experience developing and maintaining project plans and documentation.
- Experience delivering completed projects including initiating, planning, coordinating, and supporting.
- Experience managing schedules, budgets, and internal/external resource time allocation.
- Experience communicating, pathfinding, and liaising key stakeholders on projects.
- Experience using systems development methodologies such as Agile or Hybrid.

Desired Qualifications:

- Project Management Professional certification is an asset (PMI, PRINCE2).
- Experience in Business Case Development is an asset.
- Knowledge of Insurance and Lending industries is an asset.
- Knowledge of Agriculture is an asset.
- Knowledge of Organization Change Management is an asset.

Conditions of Employment:

- Must be legally entitled to work in Canada.
- Must possess a valid driver's license, access to a vehicle, and the ability to travel within the Province of Manitoba.

SALARY: \$72,967 – 92,939
CLOSING DATE: **Thursday August 4, 2022**
COMPETITION: #2022-23-12
APPLY IN WRITING TO: MASC – Human Resources
Unit 100 – 1525 First Street S.
Brandon, MB R7A 7A1
