

## Civil Engineering Technologist

Saskatoon, SK

### About the Opportunity

Our growing Saskatoon office is looking to add a capable and hardworking Civil Engineering Technologist to our team. Life in a growing professional practice is never boring. We work on innovative projects that create meaningful and lasting change in the communities where we live, work, and play. You will get to grow alongside our team of professionals and provide general drafting and design support from preliminary through to detailed design, as well as periodic on-site inspection of various land development projects throughout Saskatchewan.

Coupled with the unmatched learning and project experience opportunities, some of your key responsibilities will be:

- Carrying out design/drafting, drawing production, cost estimating and quantity take-offs, and construction specifications.
- Communicating with Design/Production team members and project leaders across our multiple offices.
- Ensuring quality control and verifying the accuracy of both design and drafting production work.
- Performing on-site inspection and survey for local projects.
- Coaching and mentoring team members and advising the team on technical problems and troubleshooting.
- Promoting and instilling a sense of teamwork amongst coworkers.

### About You

This opportunity is well suited for graduates of a Civil Engineering Technology diploma program or equivalent who are excited to provide great service to our internal and external clients and have a keen interest in municipal engineering. Two years of relevant experience is preferred.

In addition, the following skills, strengths, and interests would be considered a benefit to this role:

- You possess excellent drafting skills with good knowledge of drawing setup and production.
- You enjoy collaborating with people of varying backgrounds and perspectives to provide practical solutions.
- You are comfortable working independently as well as in a team environment.
- You are able to work on multiple projects and thrive in a fast-paced, self-directed work environment.
- You take initiative, are a problem solver and continually deliver consistent, high-quality of work.
- You demonstrate commitment to ongoing personal and professional development
- You hold a valid class 5 driver's license and are able to travel to job sites.

- You are registered or eligible for registration with Saskatchewan Applied Science Technologists and Technicians.

## About Us

Our Saskatoon team is comprised of a collective of professionals who serve First Nations, local government, and private sector clients in a variety of projects throughout the province. Our local efforts here are supported by colleagues, resources, and expertise available across the entire company.

Urban Systems is an employee-owned inter-disciplinary community consulting firm with deep Canadian roots. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 550 people with 15 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

## Our Commitment to You

Are you just getting started in your career? You're in the right place! Join our purpose-driven team today to build your career and be part of our mission to build vibrant communities across Canada. Here's what you can expect as a part of the Urban Systems team:

- **Learn and Grow.** Grow your career with Urban Systems! You are encouraged to take initiative and shape your career through coaching, in-house learning, technical courses, and more.
- **Competitive Compensation.** Your skills and contributions are valued. You'll receive competitive compensation, extended health, dental, vision care coverage and more.
- **Paid Time Off.** We encourage all team members to take time off to recharge and spend time with loved ones. Enjoy 3 weeks of paid vacation to start, in addition to statutory days off throughout the year.
- **Flexible Hours & Work Environment.** You have a life outside of work! We offer flexibility in your work schedule and work environment to help you do your best work and meet your commitments.
- **Work with Inter-Disciplinary Teams.** Amazing things happen when you mix creativity, curiosity, teamwork, and a strong desire to collaborate and innovate. You will be part of diverse, inter-disciplinary teams to deliver important work for our clients and their communities.
- **You're in Good Company.** Build relationships with a dynamic, accountable, and engaged team fueled by our shared purpose. Every branch facilitates connection with

a series of events. Did someone say donut days, lunch & learns, team competitions, and more?!

- **Beautiful Office.** Do your best work in office spaces designed with your needs in mind. Each of our 15 offices has its own unique personality and design.
- **Create Lasting Community Impact.** *98% of Urban Systems employees believe that the work we do is important. Join a team of like-minded leaders and work together to bring to life impactful community projects*
