

Calling all Carpenter Apprentices!

Are you looking for an opportunity to demonstrate your skills and work independently?

Here is the role for you.

On behalf of my client I am looking for a 3rd level carpenter apprentice with strong experience in framing, specifically steel stud framing and shaft wall experience.

The successful candidate will have the ability to;

- work independently without supervision,
- maintain a high quality of workmanship,
- Install shaft wall systems,
- Communicate clearly with other trades and supervisor,
- Organize their work on a daily basis to complete the project on time,
- Provide updates to the supervisor on the status of the project and any issues that arise.

The successful candidate will have the following qualifications;

- Minimum of a level 3 carpenter apprentice,
- Experience working on steel stud framing and shaft wall systems,
- Experience working independently on projects,
- Demonstrated experience to meet project deadlines,
- Demonstrated experience to complete quality work on past projects,
- Demonstrates strong communication and problem solving skills.

Please submit your resume to heidishandshelp@gmail.com, thank you to all that apply, qualified candidates will be contacted.
