JOURNEYPERSON GAS FITTER

(with A and/or B certificate)

Company Overview

Ambassador Mechanical is a multi-faceted Manitoba based commercial mechanical company that has enjoyed tremendous growth over the last 23 years. Ambassador's close partnerships with its clients, excellent customer service and understanding the need to deliver an efficient and innovative service to keep it at the forefront of the industry.

Job Overview

This is a trade position that requires in-depth comprehensive knowledge about mechanical construction in a commercial setting. Required to have a Red Seal Journeyperson status, the Gas Fitter has key responsibilities for the success of startups and needs to ensure all relevant relationships within the company, project managers, and external contacts are maintained. The success of these relationships has a strong influence in the success of this role.

Responsibilities

- Register all hydronic systems with ITSM
- Reapply for Quality Assurance certificate every three years
- Ensure all Q/A documents of all hydronic systems are in place (system capacities, CRN numbers, make, model, etc.)
- Pull all necessary permits that require an A or B gas fitter for each applicable project
- Size gas piping for projects to completion with accuracy
- Coordinate OFC hydro and manufacturers at the time of inspection to turn on for start-ups (400,00 + BTU's)
- Inspect all pipe joints and gas burners to ensure correct installation
- Follow all safety regulations

Qualifications

- Red Seal Gas Fitter 'A' or 'B' trade certification
- Extensive knowledge of mechanical construction
- Comfortable working in tight spaces
- Valid drivers license
- Provincial Gas Fitter's license
- Previous supervisory experience would be an asset

Core Competencies

- Knowledge Expert

- Analytic
- Collaboration
- Respect
- Teamwork
- Adaptable
- Creativity/ Innovation
- Problem Solver

Work Conditions:

- Interaction with employees, management, and on-site contractors
- Interaction with project manager/ estimators, and staff
- Attendance and participation in meetings and training
- Exposure to hazards associated with industry/trade
- Occasional travel outside the office to be present on site
- Repetitive work
- Use of required personal protective equipment

Our company culture includes an environment that values your ideas, teamwork, personal safety, and ongoing education. We offer our employees **excellent compensation packages** including health, dental and vision benefits to correspond with your experience level and the contributions made to the team. Ambassador offers a variety of interesting projects, including commercial, industrial, institutional, and multi-residential.

If you are looking for a new opportunity to grow in your career and **be valued for your contributions**, we encourage you to apply today! Submit your complete resume including your qualifications and experience to **career@ambassadormechanical.com**.
