

Date:	March 28th 2023	Job ID:	JR39035
Position:	Industrial Millwright	Immediate Supervisor:	Maintenance Supervisor
Department:	Maintenance	Status:	Permanent, Full Time 12 hour Rotation – 6 – 6 Weekdays, nights and Weekends
Location:	Brandon, MB	Schedule:	

At Saputo, our best comes from our people. We're a talented and caring team with a longstanding history of excellence. Since our first days delivering cheese on a bicycle, we've grown into a leading global dairy processor by staying true to the culture that defines us. Each of our employees is committed to uphold our tradition of care, quality, and passion through food, and together, we foster an environment where we can all make contributions that matter—from our manufacturing plants to our office locations and everywhere in-between.

Overview of the Role

Reporting to the Maintenance Supervisor, the Millwright is responsible for the reactive, preventative and predictive maintenance and troubleshooting of manufacturing and packaging equipment.

You are the ideal candidate if you have the following traits:

- Excellent trouble shooting skills able to work collaboratively with all departments
- Highly motivated initiator, able to work independently with minimum supervision
- Effective communication skills, able to complete computer-based workorders

You are best suited for the role if you have the following qualifications:

- Millwright with a journeyman ticket/license or certificate of qualification
- Excited and willing to **work night shift (6 - 6) including the availability for weekends**
- Proven hands-on experience within food industry or high-speed packaging plant (preferred)

Any of the following would be considered an asset:

- Sanitary Stainless steel welding experience
- Electrical and PLC troubleshooting experience
- Refrigeration and air handling systems experience

How you will make contributions that matter:

- Carries out reactive, predictive and preventative maintenance on plant equipment
- Troubleshoots and repairs equipment in breakdown situations to minimize downtime
- Carries out equipment installations and modifications, repairing parts where necessary
- Work effectively in a processing environment without jeopardizing food safety
- Follows company policies and safety-first culture while continuously improving standards
- Works effectively and collaboratively with other trades groups to complete project assignments.
- Performs other duties as assigned by Maintenance Supervisor or assigned leadership designate

We support and care for our employees and their families by providing:

- Competitive salaries
- Advantageous corporate agreements
- Full range of group insurance benefits
- Group retirement pension plan with employer contribution
- Purchase option of company stocks
- Group RRSP
- Health and wellness program in the workplace
- Assistance program for employees and their families

We support employment equity. Saputo strives to embed diversity and inclusion in its operations and invites candidates from all horizons to join its family.
