

Research Analyst, Markets

Competition: #2023-24-04

Location: Any MASC Service Centre

(There may be an opportunity for a hybrid work arrangement.)

Manitoba Agricultural Services Corporation (MASC) has an exciting opportunity for you to be a part of a team that values building relationships, enables change, and supports the agriculture industry in Manitoba. Come join our team as we offer an engaging work environment, competitive pay, a comprehensive benefits package (including pension plan), and we encourage a healthy work-life balance.

Under the direction of the Product Development Manager, the Research Analyst, Markets utilizes their industry knowledge, mathematical, communication, and critical-thinking skills towards maintenance and review of MASC programs, policies, and requirements. The Research Analyst primarily focuses on collection, documentation, maintenance, and analysis of market information, evaluation of programs, and undertaking assigned research projects.

MASC values excellence, integrity, and accountability. We strive to enhance existing products and develop new products, transform service delivery to enrich the client experience, pursue customer driven organizational change, and maximize performance, engagement, and development of all employees.

MASC has five core competencies: communication, decision making, initiative & innovation, leadership, and organization. Competencies relate to every position at MASC and along with the technical requirements, are included in the qualifications for all positions at MASC.

ESSENTIAL QUALIFICATIONS:

- Post-secondary education in Agribusiness, Agricultural Science, Business, or Economics, or an equivalent combination of related education and experience may be considered.
