NAV CANADA
Technical Services Technologist Trainee (3 positions)
Technical Services

Job Description Summary
Provides electronic installation and maintenance services on complex systems and equipment essential to the provision of a safe and reliable Air Navigation System (ANS). Performs related duties for the designated area of responsibility.

Overview
Join a team of technologists who do much more than work with leading-edge Air Navigation Service (ANS) technology. In our team, you'll make a difference in air navigation safety. Our skilled Technologists work every day with some of the most advanced equipment and systems in the world.

Technologists install, support and maintain the critical systems required to keep air traffic moving safely and efficiently. It takes a team effort across Canada to keep navigation, surveillance, communications, and air traffic management systems up and running under all conditions.

Become a member of the NAV CANADA Technical Services team. We offer career-long training on advanced equipment; a full range of opportunities as you gain experience; competitive salaries; an attractive pension; and benefits that are among the best in the industry.

In order to apply for a career at NAV CANADA as a Technologist, you need to have these basic requirements:

- Secondary school diploma or equivalent and a recognized diploma or degree in Engineering Technology, Computer Sciences, Electronics Engineering Technology or an equivalent program, completed within the last 10 years at a minimum
- A valid driver's license,
- A passport or the ability to obtain one
- Some lifting required

Beyond these basic requirements, we're looking for people who:

- Are good communicators
- Enjoy working in a team environment
- Have recent and relevant coursework
- Have a customer service focus
- Are creative thinkers, have the ability to problem solve and make decisions
- Understand NAV CANADA's core business and focus on safety.

The role does not require you to have previous experience in the aviation sector.

NOTE:

*NAV CANADA will provide you with a training salary that ranges from approximately $47,580 to $74,515 which is based on qualifications and experience. Once you successfully complete your

training, you move to the $74,555 to $98,787 range, with increases as you gain experience and move through classification levels. Frequent travel is required.

If you would like to be considered for this excellent opportunity, please submit your application at**: https://www.navcanada.ca/en/careers.aspx**

Closing date for applications: Thursday, May 25, 2023.
